Veritas Alta™ Data Compliance & Governance

RELEASE NOTES for December 2023 (Spruce) Release

Date Facet Metrics in Review

- During the selection of granular date ranges users will be able to see the number of items that correspond to each date, month, year prior to apply the date facet in review. At least one other facet must be selected for the item counts to display.

Enhanced Reporting – Expanded User Roles Reporting

- Users can now create reports that associate roles to the users that have been assigned those roles within the application.

Item Hit Highlight Improvement

- Improvements to Hit Highlighting have been addressed in the following areas:
 - Better support for apostrophes
 - Better support for classification hit highlight overlaps

Steps to Access Veritas Alta™ Archiving Downloads

We have a new updated **Downloads Center** that makes finding your Veritas Product Downloads even easier! You can read about it here: https://www.veritas.com/content/support/en_US/news/download_center.

The new Downloads Center effectively combines the access to files from Veritas Entitlement Management System (VEMS), the Veritas Support website, or SORT into a one stop shopping experience. Now you can find, review, and download software releases for all Veritas products (full installs, full upgrades, patches, and other related files) in one place. Obtaining Veritas software is now as simple as going to Veritas Support and clicking on the **Downloads** icon from the homepage. It is that easy!

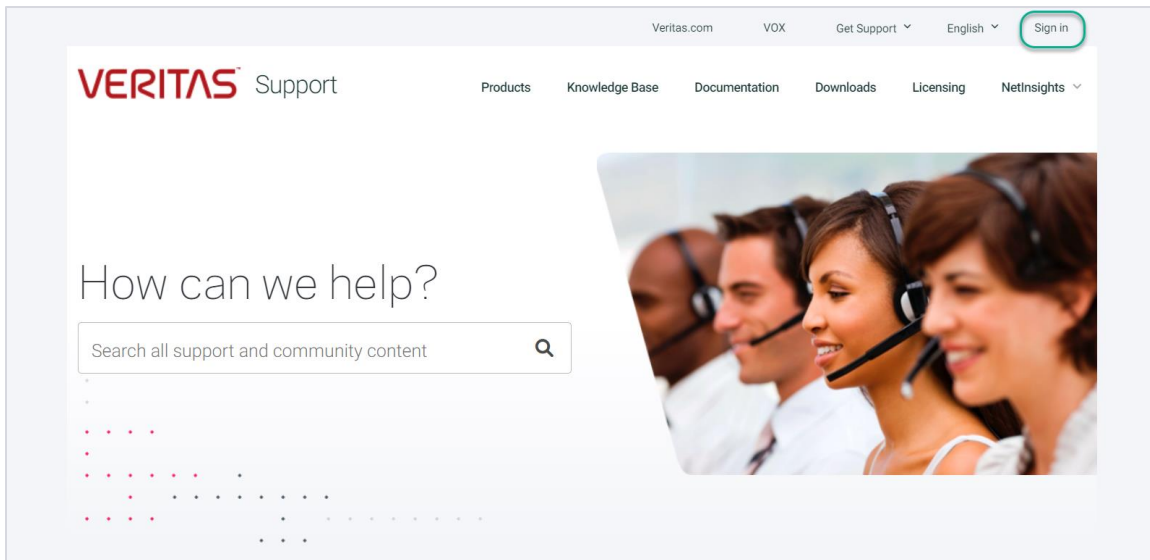

To start working in the Downloads Center:

1. Go to the [Veritas Support](#).
2. If you have an account, then click **Sign-In** and jump to step 7.
